

## **Ohio College of Podiatric Medicine Holds Footprints & Shoe Prints Forensics Seminar**

On Saturday, June 28, The Ohio College of Podiatric Medicine (OCPM) welcomed over 50 podiatrists and law enforcement officers to the Footprints & Shoe Prints Forensics Seminar, in which participants learned more about the value of footwear and footprints in forensic science.

**Michael S. Nirenberg, DPM (left), Michael W. Forman, DPM, Sergeant Robert B. Kennedy, Michael A. Wasowicz and Professor Wesley Vernon**

The seminar included topics and lectures such as preservation of a crime scene, and what a podiatrist can learn from a shoe print at a crime scene. The seminar was very interesting and provided an inside look at the role podiatrists often play in solving crimes. The seminar included lectures by Michael S. Nirenberg, DPM, Michael W. Forman, DPM, Sergeant Robert B. Kennedy, Michael A. Wasowicz and Professor Wesley Vernon.
